MAAPPS News

As a founding member of MAAPPS, ALIAS joins in their current opposition to Senate Bill 554 which seeks to require process server agencies to be formally licensed and individual process servers to be certified in order to serve process in Maryland. February 2013

Never a Dull Moment!

From Legislation to Law, and Tips to Trends

Greetings!

There is never a dull moment in our industry! There is always new legislation being considered, new considerations for electronic and digital platforms, new topics and trends, and of course, legal support services professionals always have an opinion!

With our various industry affiliations, ALIAS works hard to stay apprised of these developments as well as identify any long-term trends which may affect our clients and colleagues. We take our leadership in legal support services very seriously and are continuously developing tools to help you sift through all the available information and take away those most valuable to you. This newsletter is just one of the tools we utilize to communicate the many developments to our community, and we couldn't possibly include all those resources in a single email! Please take some time to visit [our corporate website](#) which includes a [Resource Center](#), full of more information.

Bookmark it and remember to check back often, as we are updating frequently with more information for your reference. And if you are looking for information on a topic we haven't covered, [let us know!](#) We are happy to do the research if we haven't already.

It is all a part of being a leader in our industry - a role we take on with zeal!

ALIAS Supports PAAPRS

Can you name a career in which a physical attack would be part of your work day?

Assault is a very real danger in the process service

industry, and so this is a topic that ALIASS holds very close to heart. Not only do we expect our employees to be protected by law from violence and aggression, but we feel the same level of concern for our business associates, partners and yes, even our competitors.

[Click here to read the rest of this article.](#)

In closing, I would like to personally invite you to try our new [Request Service](#) form on our website. This form was designed to offer a 24-hour, 7 days a week portal through which you can request ALIASS services. Everything you need to provide for a quote is contained in this online form, including submitting related documentation and multiple service request capabilities. Once received, the ALIASS team will be in contact to take the next steps towards fulfilling the requested services.

We hope you will find that this tool provides enhanced conveniences for your day-to-day needs.

Sincerely,

Steven P. Harris
CEO & President
American Legal Investigations & Support Services
